

Inside Wiring Service Offering

DayStar ensures that its Certified Cabling System meets all current quality standards and that the materials will be properly installed to deliver the required performance. By using highly trained installers, approved products and materials, this service provides real structured cabling value, performance and flexibility for your business.

Our data cabling undergoes a rigorous testing regime to ensure that it can deliver reliable, error-free network voice and data transmission in demanding business conditions.

The price for DayStar's Inside Wiring Service is determined using the following variables: Term of DayStar's Master Communications Service Agreement that the customer signs for their basic voice and/or data service, technician time utilized and required materials. The following chart will aid in helping DayStar employees understand pricing for inside wiring.

3 Year Master Agreement	2 Year Master Agreement	1 Year Master Agreement	M t M term
4 wiring hrs. included	2 wiring hrs. included	No free wiring hrs. included	No free wiring hrs. included
\$50/hr. for additional hrs	\$50/hr. for additional hrs	\$50/hr. for all inside wiring hrs.	\$50/hr. for all inside wiring hrs.
Materials (cable, connectors, jacks etc.) will be charged separately	Materials (cable, connectors, jacks etc.) will be charged separately	Materials (cable, connectors etc.) will be charged separately	Materials (cable, connectors etc.) will be charged separately

The technician conducting the site survey will provide the customer a firm quote in terms of time & material required. (See the attached Estimating & Customer Approval Form.) If the actual installation time is less than quoted, we will bill only for the time spent. If the required time is more than our estimate, our bill will be limited to our estimate.

Portions of hours are rated as follows:

- 5 minutes – 15 minutes is treated as $\frac{1}{4}$ of an hour and is billed at \$12.50
- 16 minutes - 30 minutes is treated as $\frac{1}{2}$ of an hour and is billed at \$25.00
- 31 minutes – 45 minutes is treated as $\frac{3}{4}$ of an hour and is billed at \$37.50
- 46 minutes – 60 minutes is treated as a full hour and is billed at \$50.00
